Subject: Workforce Innovation and Opportunity Act (WIOA) Performance Town Hall

When: November 19, 2014 9:00 am to 3:00 pm

Where: U.S. Department of Labor Auditorium
200 Constitution Ave., NW
Washington, D.C. 20210

The WIOA Performance Town Hall is one in a series of national Town Hall listening sessions designed to support strong implementation of the new legislation. The focus of the Town Hall will be on four different topic areas:

- Effectiveness in serving employers
- Other performance indicators, including Measurable Skill Gains; Reporting requirements (state, local, and Eligible Training Providers reports)
- Performance success and failure
- Integrated fiscal and performance management information system.

This conversation will provide an opportunity to discuss performance accountability - which will help us at the Departments of Labor and Education develop guidance with an eye toward service design and customer/stakeholder feedback. The Town Hall is a great opportunity for attendees to be heard, and to support the ongoing process of WIOA implementation.

Who should attend:

- Workforce and Education System partners
- Employer Associations
- Education organizations/representatives
- Industry associations
- Labor organizations

- Economic developers
- Community and faith-based organizations

Attendees may participate in the Performance Town Hall either in-person or virtually. A separate notification will be sent out providing the registration information for the session. Questions may be directed to ETAPerforms@dol.gov.
